## CERTIFICATE OF LISTING

IAPMO Research and Testing, Inc. is a product certification body which tests and inspects samples taken from the supplier's stock or from the market or a combination of both to verify compliance to the requirements of applicable codes and standards. This activity is coupled with periodic surveillance of the supplier's factory and warehouses as well as the assessment of the supplier's Quality Assurance System. This listing is subject to the conditions set forth in the characteristics below and is not to be construed as any recommendation, assurance or guarantee by IAPMO Research and Testing, Inc. of the product acceptance by Authorities Having Jurisdiction.

This certificate is not evidence of current listing. To verify listing status, visit the IAPMO R&T Product Listing Directory at [pld.iapmo.org](http://pld.iapmo.org)

Effective Date: January 2019

Void After: January 2024

Product: Microbiological Water Purifiers

File No. WP-10373

Issued To: Pelican Water Systems  
3060 Performance Circle Ste. 2  
Deland, FL 32724

Identification: A permanent plate or label shall be affixed to the system in a readily accessible location and shall contain, at a minimum, the following information:

- model number;
- name and address of manufacturer;
- functional description of system (e.g., chemical reduction, mechanical reduction, etc.);
- maximum working pressure in kPa (psig);
- maximum operating temperature in degrees C (degrees F);
- statement that the system conforms to NSF Protocol P231 for Microbiological Water Purifiers;
- statement that the system is not intended to convert wastewater or raw sewage into drinking water.

Characteristics: The microbiological water purifiers addressed by this Protocol are designed to be used for the filtration and treatment of water of unknown microbiological quality, but presumed to be potable. Purifiers are not intended to convert waste water or raw sewage into drinking

  
Chairman, Product Certification Committee

  
CEO, The IAPMO Group

This listing period is based upon the last date of the month indicated on the Effective Date and Void After Date shown above. Any change in material, manufacturing process, marking or design without having first obtained the approval of the Product Certification Committee, or any evidence of non-compliance with applicable codes and standards or of inferior workmanship, may be deemed sufficient cause for revocation of this listing. Production of or reference to this form for advertising purposes may be made only by specific written permission of IAPMO Research and Testing, Inc. Any alteration of this certificate could be grounds for revocation of the listing. This document shall be reproduced in its entirety.
